

Take Your Cinema to the **Next Level** With Our All-In-One System

Omniterm delivers an innovative and affordable cinema management system. Our software combines all the enhancements your business needs with detailed reporting and analytics so you can keep a pulse on performance. So whether you have an independent, single-location theatre or a multi-location chain, our cinema management system will help your business thrive.

Our Philosophy

40+ Years

We've provided cinema management solutions in North America and worldwide since 1978.

1000s of Screens

Omniterm is committed to the cinema industry and has served 1000s of movie theatres and cinemas.

1 System

Our all-in-one system will help your business thrive, from innovative software to hardware and support.

How We Help

Our cinema management software delivers a **stable, flexible, and user-friendly platform** to cinema owners and theatre managers. We offer all the features and functionalities you need to run a successful operation.

What We Offer

Omniterm helps **power your movie theatre or cinema** from ticketing to customer retention through an industry-leading cinema management system.

Customer Service

Run your entire operation through a single point of sale (POS) interface that's easy to learn and use. From ticketing and concessions to bar and restaurant sales, your employees can sell everything from one spot and delight customers.

Marketing

Promote the latest blockbuster movies and create more return customers with our theatre marketing solutions like loyalty programs and gift cards. Our integrated system allows you to make the best use of data to understand your customers better.

Customer Experience

Deliver the experience your customers expect with solutions like our mobile-friendly webstore, self-service kiosks, digital signage, and more. Streamline operations and reduce wait times with omnichannel ordering options.

Theatre Management

Get all the tools you need to manage an efficient, profitable theatre that will bring your customers back show after show. Easily manage taxes, employees, coupons, accounting, and close-of-day functions from a single interface.

Software to Grow With Your Enterprise

Omniterm's **enterprise cinema management capability** gives you the connections, visibility, and management functions you need to provide quality brand experiences regardless of the size of your operation. Whether you have 3 or 300 locations, Omniterm will sync data with individual locations and provide a single source of truth for your business.
